

# FABRICS FOR HOSPITALITY

---

**Gabriel®**

## A FUSION OF STYLE & FUNCTION

Gabriel fabrics fuse style and function, comfort and performance, to meet the diverse requirements of high-traffic hospitality environments. Our fabrics are extremely durable, flame retardant and easy-to-clean and with the largest selection of eco-labelled upholstery fabrics on the market, we guarantee safe, healthy and eco-friendly products.

## NATURAL BENEFITS OF WOOL

Wool fibres offer a range of inherent benefits that make wool fabrics highly suitable for hospitality spaces. Wool is naturally stain resistant, fire retardant and offers optimum sitting comfort.

## HIGH-PERFORMANCE POLYESTER

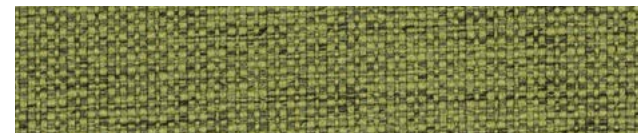

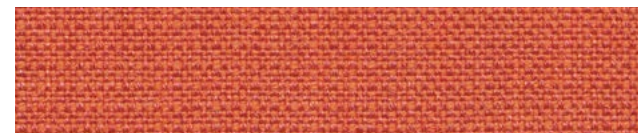

Hard-wearing, quick-drying and easy to clean and disinfect, Gabriel polyester fabrics offer high-performance for hospitality interiors.

Gabriel  
Fabric: Rondo

## SUSTAINABLE & CERTIFIED FABRICS

We are committed to creating sustainable fabrics without endangering the environment and the lives of future generations. Gabriel fabrics are made from natural wool fibres and recycled polyester and are certified in accordance with EU Ecolabel and STANDARD 100 by OEKO-TEX®.

A collection of modern, colorful chairs is arranged in a bright, ornate interior space. The chairs feature vibrant colors like orange, red, green, blue, and black, with some having white seats. They are set on a patterned rug in a room with large windows and a skylight. The background shows a view of a courtyard with a tree and a building with a dome.

## HEALTHY FABRICS FOR HIGH USAGE

Free from harmful chemicals and heavy metals, Gabriel fabrics contribute to healthy indoor spaces.

## EXTEND THE LIFE OF FURNITURE

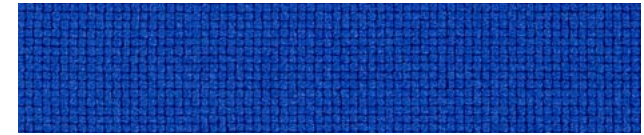

Multi-coloured mélangé patterns conceal dirt and stains, keep fabrics looking new and extend the life of all types of furniture.

# FLAME RETARDANT FABRICS FOR HIGH SAFETY NEEDS

Gabriel offers a large selection of upholstery fabrics that meet international fire safety standards for flame retardancy. Our fabrics made from Trevira CS are inherently flame retardant with no need for additional finishes and meet even the most stringent fire safety requirements.

CRAFT & QUALITY SINCE 1851
