**Comfort for stressless environments**

Focus Melange Screen's soft, felted texture not only creates a warm feel-good vibe but also contributes to creating a comfortable relaxed acoustic environment where people thrive.

**Create complete interiors in matching fabrics**

Focus Melange Screen is designed to complement Focus and Focus Melange. Together the three Focus fabrics offer a unique opportunity to create complete interiors – from soft seating to lounge furniture and room division – in matching fabrics, shades, and textures.
