

SAVOY

High performance velvet

Combining luxury, elegance and high-performance properties, velvet upholstery fabric Savoy has it all.

Savoy is a deluxe short pile velvet upholstery fabric made from high-performing, wear-resistant and flame-retardant Trevira CS polyester. With its matt, warm and natural-looking surface, satiny soft touch and opulent texture, Savoy radiates classy elegance and luxurious comfort.

Complements any interior

Combining a sophisticated look, soft, plush comfort and high-performance qualities, Savoy is suitable for residential as well as commercial interiors alike. It offers superior performance in even high-traffic environments and adds a homey feel to commercial spaces.

Intense & deep colours

Savoy is available in a rich and sophisticated colour palette with 35 elegant colours to choose from. There is a shade to suit every décor, any taste or design ranging from warm and natural autumn browns, reds and orange to graphic greys and deep blues, greens and purple. The pile enhances the colours resulting in intensely deep tones.

Superior upholstery properties

With superior upholstery properties Savoy is easy to work with and ensures a time and cost-effective manufacturing process. It complements both classic and contemporary styles and performs well on a variety of designs.
