

Graphic grid with cosy felt feel

Combining a stringent geometric pattern with a soft, homely texture, screen fabric Hush Square offers an appealing visual contrast.

Screen fabric Hush Square 40 is distinguished by its 40 x 40 mm embossed grid pattern with a stringent, geometric expression. The graphic stringency of the squares offers a visually attractive contrast to the fabric's soft, felt-like texture and voluminous, three-layered construction that combines non-woven polyester screen fabric Hush with a 6 mm foam core and a jersey backing.

Warm & cosy aesthetics

With its easy-on-the-eye design and subtle melange effect, Hush forms the perfect base allowing the embossed grid pattern to stand out. The fabric's felt-like texture and natural-fibre look add a homely feel and create a warm, cosy aesthetics with a graphic, contemporary twist.

Mix and match with stripes

Hush Square 40 offers a range of inspirational mix and match options. For a bold mix of stripes and squares, combine Hush Square 40 with the wide stripes of Hush Stripe 40 that match the dimensions of the grid, or go with the more refined and elegant look of narrow-striped Hush Stripe 25.

Muted melange colours

The standard colour palette of Hush Square 40 encompasses 11 colours from graphic greys to classic and ever-popular red, blue and green. All the colours have an attractive muted look and are distinguished by a discreet melange effect.

Acoustic design for screens

Hush Square 40 is designed specifically for use on all types of vertical surfaces such as screens and panels. Designed for room division, the fabric offers acoustic properties and contributes to improved acoustic performance in all types of spaces and environments.
